

First Network Meeting

Paris, France - January 26-30, 2026

Funded by
the European Union

Mon., Jan. 26 Room 503 Sorbonne U, 105 Blvd de l'Hôpital	
DCs arrive in Paris in time for meeting at 13:30	
13:30 13:45	Welcome and Intro: Mario GP & Clare Desplats
13:45 15:00	Guillaume Bassez <i>DM1 symptoms: a truly multisystemic disease (mock medical appointment?)</i>
15:00 15:30	Coffee break
15:30 16:45	Nathalie Angeard <i>DM1 cognitive and emotional profile</i>
16:45 18:00	Mario GP <i>The genetics and dynamics of unstable of triplet repeats</i>

Tues. Jan. 27 Room 503 Sorbonne U, 105 Blvd de l'Hôpital	
9:00 10:15	Frédérique Rau <i>Mouse models and disease mechanisms</i>
10:15 10:45	Coffee break
10:45 12:00	Cécile Martinat <i>Use of hPSC to decipher DM1</i>
12:00 13:30	Lunch
13:30 14:45	Ruben Artero <i>From miRNA modulation to clinical translation in DM1</i>
14:45 16:00	Outreach + intro to thinking about project logo
16:00 16:30	Coffee break
16:30 17:45	Rick Wansink <i>Toxic RNA and human disease: from RNA foci to cell dysfunction</i>

Wed. Jan. 28 Room 503 Sorbonne U, 105 Blvd de l'Hôpital	
	Krzysztof Sobczak <i>MBNL proteins: from disease intermediates to therapeutic targets</i>
	Coffee break
	Carme Fabrega <i>Chemical Innovation in Nucleic Acids for Therapy and Beyond</i>
	Lunch
	Arnaud Klein <i>ASO therapies and clinical trials</i>
	Juanma Fernández <i>Muscle-on-a-Chip platforms for preclinical evaluation of DM1 therapies</i>
	Coffee break
	Hans van Bokhoven <i>Genetic Networks of Brain Dysfunction in DM1</i>

Thurs. Jan. 29 Seminar Room Institute of Myology	
9:00 10:15	Benedikt Schoser <i>Medical challenges in DM1: tools and current limitations</i>
10:15 10:45	Coffee break
10:45 11:45	Alain Geille <i>Living with DM1: the family perspective</i>
12:00 13:30	Lunch
13:30 15:30	DC seminars
15:30 16:00	Coffee break
16:00 17:15	Annalisa Botta & Marzia Rossato <i>Genetic Determinants of DM Phenotypes and Sequencing Approaches for their Characterization</i>
17:15 18:15	Mgmt Meeting (all DCs plus PIs)
	Networking activity

Fri. Jan. 30 Room 503 Sorbonne U, 105 Blvd de l'Hôpital	
9:00 12:30	Adoc Talent Mgmt: Well-being during a PhD thesis: stress management and psychosocial risks
10:00 10:30	Coffee break
10:30 10:45	Adoc training cont'd
10:45 11:00	
11:00 11:15	
11:15 12:30	
12:30 13:30	Lunch
14:00 16:00	Visit to Institute of Myology Jean-Yves Hogrel & Guillaume Bassez
End of training event
